## **Is Marilyn Monroe living ?**

**No, unfortunately no longer.**

**But the Lisa Pic Show could make you believe something else.**

**Anybody can imitate something somebody else does!**

**But she shows those how to do this LISA PIC!**

Born on June 1 (the same day as Marilyn was), only 2 hours earlier and many years later, as Elisabeth Catherine Pic, in France, being the daughter of Jean Henri Pic and Kriemhilde Pic, née Paul. Grown up in France and Germany.

The fifties inspired her very much and thus Lisa made parodies on Marilyn Monroe and Elvis Presley when she was even a child.

She is the same height as Marilyn Monroe was – **1,65 m** - , **has the same weight and the way she walks is equally exciting.** In Thomas Gottschalk's "Late Night Show" she wore Marilyn Monroe's authentic dress from the "Blondinen bevorzugt" film made in 1953.

Show business has been known to her (Lisa Pic 34 years young) for 14 years from national and international performances.

She is French and German, speaks German, French, English.

People say, she does not only look like the original, but she also has her charm and class.

In Los Angeles/Hollywood, she **ranked first** at the international "Miss Marilyn Monroe elections"!
